What is an outdoor telecom enclosure?

The outdoor telecom enclosures, which are also referred to as telecommunications cabinets, are fully enclosed cabinets that help protect electrical cabling and other equipment from potentially damaging environments. Such damage can be caused by dust, rain, ice, and external heat. What do you need to know about outdoor telecom enclosures?

What are outdoor electrical cabinets & enclosures?

Browse our range of outdoor electrical cabinets and enclosures and discover why we're a trusted name in the telecom industry. An outdoor telecom enclosure is a specialized cabinet designed to house and protect telecommunications equipment in outdoor environments.

Can telecommunication equipment survive in an outdoor enclosure?

To survive in an outdoor enclosure, your telecommunication equipment needs to have climate control. So whether you are keeping the electronic system and its components cool in the summer or warm in the winter, outfitting your electrical box with the proper heating and cooling features will protect your investment.
