What is an outdoor telecom enclosure?

The outdoor telecom enclosures, which are also referred to as telecommunications cabinets, are fully enclosed cabinets that help protect electrical cabling and other equipment from potentially damaging environments. Such damage can be caused by dust, rain, ice, and external heat. What do you need to know about outdoor telecom enclosures?

Does e-Abel offer a custom outdoor telecom enclosure?

E-Abel offers custom outdoor telecom enclosures with NEMA standard, protecting cables and components from rain, shock hazard and heat.

Why should you choose Shield for your outdoor telecom enclosure?

This solution is also ideal for rapid deployment at the network edge. SHIELD offers a wide range of customization features for your outdoor telecom enclosures such as machining, special dimensions, custom colors, and additional protection for harsh environment.

Can e-Abel survive in an outdoor enclosure?

Fortunately, E-Abel can meet your requirements. To survive in an outdoor enclosure, your telecommunication equipment needs to have climate control.
