An EU-backed energy storage capex support scheme in Lithuania will support as much as 4,000MWh of battery storage, the Ministry of Energy has said.

In Cameroon, Savannah owns an effective 31.06% indirect interest in the Cameroon Export Transportation System ("ETS") and the Kome Kribi 1 floating storage and offloading facility ...

In 2023, this project integrated battery storage, reducing diesel dependency by 40%. But here's the kicker: without subsidies, the upfront costs would've made investors flee ...

Cameroon is entering the final phase of negotiations to authorise GDS Orion Solar to build and operate a new utility scale solar power plant in Ngaound³;r³;, reviving a project first ...

Innovative solutions, such as modular, pre-assembled solar PV power containers with battery storage, will further support the growing ...

Norway-headquartered renewable energy company Scatec has brought online two solar-plus-storage hybrid resources projects in ...

At CESEE 2025, hybrid storage systems will arguably steal the spotlight. Imagine combining lithium-ion's rapid response with flow batteries' endurance - that's exactly what players like ...

Release by Scatec, a distributed-generation solar and battery energy storage systems (BESS) solution, is set to expand its solar and storage capacity in Cameroon by 28.6 MW and 19.2 ...

In 2024, energy storage became one of the most dynamic and consequential forces shaping the U.S. energy transition. According to a ...

This 30kWh solar energy storage system was installed in Republic of Cameroon, in August 2025, and can reliably power a household. The system has a daily energy production ...

Keep up-to-date with news relating to Black Mountain Energy Storage including events, partnerships, acquisitions & divestments, and more.

Venture Global, the U.S.'s second-largest LNG producer, plans to build a second export terminal in Cameron Parish.

In addition to the photovoltaic field, the project would also include a Battery Energy Storage System and supporting infrastructure, similar to Cielo Solar. As with Cielo, if the Major ...

Norway-headquartered renewable energy company Scatec has brought online two solar-plus-storage hybrid resources projects in Cameroon, Africa. The two projects total 36MW of solar ...

Innovative solutions, such as modular, pre-assembled solar PV power containers with battery storage, will further support the growing electricity demand with cost-effective, ...

The groundbreaking ceremony on Monday, September 15, marked the second phase of a project that has been operational since 2022. The expansion will increase the ...

A double-header of Poland grid-scale BESS news, with GoldenPeaks Capital entering the market with a two-project acquisition, and R.Power securing a PPA for a solar ...

One of the projects in Cameroon. Image: Scatec / Release Norway-headquartered renewable energy company Scatec will add ...
