What is an IP65 enclosure?

An IP65 enclosure offers protection suitable for both indoor and outdoor applications. The first digit,6,denotes totally dust-tight protection. The second digit,5,stands for watertight protection against dripping,splashing,leaking and low-pressure water jets.

What is a battery cabinet / rack?

EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accomodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed flexibly to save the space in battery room.

What are the different types of IP65 rated boxes?

IP65 rated boxes are available in plastic,aluminum and steelvarieties. With a wide range of sizes and styles to choose from it's easy to find the perfect IP65 junction box or enclosure solution. IP65 enclosures are extremely versatile due to their ability to withstand dirt,dust,debris and low-pressure water jets.

What is a polycase IP65 rating?

Polycase IP Ratings are based on the NEMA 250 to IEC 60529 conversion table published by NEMA.org. Learn more about what an IP65 rating means and what you can expect from our IP65 electrical enclosures below. What Does an IP65 Rating Mean?

IP65 rated enclosures provide indoor and outdoor protection for waterproof applications. Tested to IP65 standards ensures enclosures and cases are safe for housing sensitive electronic ...
