-----  
What is an outdoor integrated cabinet?

Outdoor integrated cabinet is well suited for power equipment, batteries, telecom gear, all integrated into a robust, economical package. The cabinet contains internal mounting rails, which allow installation of standard 19" equipment. Support custom-made.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

How do you integrate a communication system & energy storage system?

For communication systems, we integrate power supplies (3kW-36kW rectifiers), intelligent monitoring (SNMP-based with customizable protocols); For energy storage, we combine inverters (10kW-100kW), AC/DC distribution, battery packs, PV panels, and fire suppression, with flexible air/water-cooled systems for optimized performance.
