What is a solar battery backup system?

Solar battery backup guarantees a power source-- even during a grid service failure or natural disaster. When the grid goes down, a solar battery backup system automatically detects and transitions your solar system from grid power to backup power. Protect your home from outages with our solar battery backup kits. Shop What's in a kit? FAQ

What is expandable solar hybrid (grid-tie/off-grid) kit?

The Expandable Solar Hybrid (Grid-tie/Off-Grid) Kit is an innovative and affordable solar energy solution for homeowners. It can save money on energy bills and help the environment. This system is expandable up to a 6KW Solar Power System to meet all household energy needs, leading towards a net-zero energy home.

Does gogreensolar offer a money-back guarantee?

GoGreenSolar is a leading online seller of solar panels, inverters and DIY solar equipment. We are the only solar company to offer a 100% money-back guarantee. If your permit isn't approved for some reason, we'll refund your money in full. See terms and conditions What's in a kit?

What is the output voltage of a plugged Solar Grid-tie kit?

The PluggedSolar Grid-Tie Kit has an output voltage of 220/240V (AC). This makes the system plug-and-play and easy to install, as it can be plugged into a 220/240V outlet.

Plugged Solar provides Solar Panels products to power homes by Solar Energy. The Solar Panels Systems include Grid-Tie Solar, Battery ...

Shop our selection of complete solar kits and bundles for off-grid, hybrid, grid-tie, and mobile solar systems. Choose from top brands like EG4 Systems, Victron Systems, and Schneider Systems.
