When will Italy's new energy storage capacity procurement auctions take place?

Terna's thinking ...The date is set. The first of Italy's new energy storage capacity procurement auctions (MACSE) will take place on September 30,2025,Terna's president for grid development strategies,Francesco Del Pizzo,has confirmed.

What is the largest grid-connected storage system in Europe?

In particular,the Blackhillock projectin Scotland,with 300 MW/600 MWh,is today the largest grid-connected storage system in Europe and capable of guaranteeing grid stability exclusively through batteries. Sma took care of the engineering,plant control integration and grid studies to prove its effectiveness.

Why should we invest in Italy's digitised energy infrastructures?

The company's commitment translates into both proprietary solutions and adaptation - already today - to the most stringent EU requirements for digitised energy infrastructures. The Italian storage market also represents a key test bed for large-scale integration of renewables and smart grid management.

Why is Italy a key test bed for smart grid management?

The Italian storage market also represents a key test bed for large-scale integration of renewables and smart grid management. &quot; Italy has all the credentials to become a pioneer in Southern Europe,with growing renewable generation capacity,qualified operators and rapidly adapting regulation,&quot; concludes Nebreda.

Paris, 20 October 2023 - NHOA Energy, the company of NHOA Group (NHOA.PA, formerly Engie EPS) dedicated to energy storage, announces that it has been selected as turnkey ...

BESS technology has won the bulk of new resource contracts in the capacity market (CM) auction for delivery in 2027 in Italy.
