Who makes battery energy storage system enclosures?

RAYONG, Thailand-- (BUSINESS WIRE)-- Jabil Inc. (NYSE: JBL), a global engineering, supply chain, and manufacturing solutions provider, today announced it has expanded its collaboration with Inno, a metal parts manufacturer and a subsidiary of Shanghai Xinpeng Industry Co. (XP), to manufacture battery energy storage system (BESS) enclosures.

Why is energy storage important in Thailand?

Energy storage systems, including batteries and pumped hydro storage, play a pivotal role in storing excess energy from renewable sources and releasing it when needed. Thailand has been investing in renewable energy projects, such as solar and wind farms, and energy storage is essential to manage intermittent power generation.

Why do you need energy storage solutions?

Energy storage solutions can help stabilize your grid power with peak shaving and backup your renewable energy systems, thus taking the stress out of your life and helping you grow your business, cut costs and hit green targets with reliable, flexible and quality power supply on demand

Drivers of the Market The energy storage systems market in Thailand is primarily driven by the country's growing renewable energy sector. Thailand has been investing in renewable energy ...
