-----  
What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

What is the AP freedom triple bay enclosure?

The AP Freedom Triple Bay enclosure provides expanded multi-equipment capacity with three independent bays, robust environmental protection, and optimized airflow. Designed for telecom, broadband, and edge processing, it supports scalable configurations, organized routing, and secure outdoor infrastructure growth.

We found in 2002 in Southern HCMC, Vietnam, Hai Nam Switchboard Manufacturing Co., Ltd. now is located in 6,650 square meter facility with 03 lines of production machines.
