Which companies offer solar home systems in Zambia?

In Zambia, Vitalite offers pay-as-you-go home systems using modern mobile technology to help low-income households. Aurora Power Solutions also operates in the region, focusing on solar power.

Which company will start a solar project in Zambia soon?

Aurora Power Solutions operates across Sub Saharan Africa focusing on solar power. They mainly provide their services in South Africa, but will start a project in Zambia soon. Vitalite offers pay-as-you-go home systems throughout Zambia.

Who produces electricity in Zambia?

In the generation sub-sector, independent and private power producers include Lunsemfwa, Maamba and Ndola Energy, whose entire capacity is off-taken by ZESCO, as well as those operating mini-hydro generating stations, such as Zengamina in North-Western Province, whose off-grid power systems cater to more localised needs.

How does solar power work in Zambia?

Solar power in Zambia primarily uses solar photovoltaics (PV) to generate electricity. Several communities, entrepreneurs, the government, and NGOs collaborate to increase the share of solar power in the country.
